About us:

Pace Pharmatech is a reputed Manufacturer & Exporter in Finished Formulations, Raw Materials and Packing Materials. Our company was established in the year 2000 by Mr. Ajay Agarwal & Mr. Sanjay Agarwal. Both the brothers have worked together in packaging from the year 1980 to 1998.

After having a phenomenal experience in packaging since the year 1980, they started working in finished formulations and carried on with their first exports with the African market in the year 2001. Their hard work has led to success of the company and helped to spread out our reach in places such as Nigeria, Zimbabwe, Kenya, Ghana, Nepal & Bangladesh.

Since 2014, Mr. Saurabh Agarwal has also joined the company and has been handling the entire exports of Raw Materials & Packing Materials in Nepal & Bangladesh.

The company has ventured with various WHO-GMP, US-FDA, UKMHRA & EU-GMP manufacturing facilities providing good quality Raw Materials, Packing Materials & Finished Formulations, with complete certifications and documentations.

Mission:

Our mission is to reach the global benchmark and establish ourselves as leaders in Pharmaceutical Industry, to achieve presence all over the globe. To delivering the best to our customers in terms of prompt service, aesthetically superior packaging, high quality product at a cost effective prices.

To create value and benefit for our internal & external customers.

Vision:

In the next 5 years, we want to become a significant global supplier of Pharmaceutical Finished Formulations as well as Quality suppliers in Raw Materials & Packing Materials.

To extend our product line & introduce new formulations, new innovative packaging, affordable products to our clientele.
